The leader in all-terrain mowing technology, the 72LC is the safe solution to tackling steep slopes. The automatic self-leveling system keeps the operator and the engine upright on slopes up to 34 degrees, improving safety and performance. Reliable front and rear traction wheels provide the ability to navigate straight across the hillsides. The two halves of the 72 inch deck float independent for a quality cut and fewer passes over ditches and rough terrain. This superior technology balances comfort and control, decreasing the risk for rollovers.

#slopesolutions
**SPECIFICATIONS**

- **Engine**
  24.8 HP @ 2300 RPM gross rating: Kubota Liquid Cooled 4-Cylinder Diesel Engine, Industrial Use Rating

- **Electrical System**
  12 Volt, 40 Amp Electrical System

- **Blade Drive**
  Hydraulic drive - no belts or gear boxes

- **Ground Drive**
  Poclain Hydrostatic Transmission - PM10 variable displacement axial piston pump. Poclain High Efficiency Axial Piston Wheel Motors with Integrated Parking Brake

- **Speed Control**
  Foot-operated speed control - self centering to neutral

- **Ground Speed**
  0-7 MPH ground speed

- **Weight**
  2,480 lbs. (1,125 kg)

- **Deck Caster Tire**
  11" X 4.00 - 5" - foam filled

- **Drive Tire**
  25" X 11-12 - 6 Ply

- **Stabilizer Tire**
  16.5" X 6.5 - 8" - foam filled

- **Leveling**
  Automatic hydraulic self-leveling to 34 degrees with Manual Override mounted on arm rest

- **Deck Lift**
  Hydraulic lift with switch on dash

- **Parking Brake**
  Hydrostat integrated with dashboard on/off switch

---

**ATM 72LC FEATURES**

- **Up to 34° Self-Leveling System**
- **Swinging Deck Blades**

---

**ACCESSORIES**

- **Finishing Cut Fixed Blades**
- **Sun Shade Canopy**

---

**Indicator Lights**

- **Gauges**
  Hour meter, engine temperature, fuel level

- **Fuel Capacity**
  10 Gallon (U.S.)

- **Hydraulic Oil Capacity**
  Reservoir 11.5 Gallon (U.S.) with Hydraulic oil cooler

- **Seating**
  Adjustable suspension seat with arm rests and retracting seat belt

- **System Filter**
  Hydraulic filter, 10 micron with indicator

- **Cutting Width & Height**
  Width: 72" Height: Adjustable from 3" to 7.5"

- **Overall Dimensions**
  107" length, 74.5" width, 90" height

- **Inside Turning Radius**
  24" diameter

- **Rear Discharge**
  Two 36" decks, independently free floating

- **Safety**
  Certified ROPS with hazard lights, meets ANSI/OPEI B7.1.4 Standards

- **Deck Construction**
  Rugged, reinforced 10 gauge steel

- **Frame**
  Formed and welded steel

- **Warranty**
  1-year parts and labors (unlimited hours)
